

PRICE MATCHING

Given the present economic climate, and as horse owners ourselves, we are only too aware of the costs involved in keeping horses, ponies and donkeys. It is our aim to deliver the highest levels of veterinary care and customer service, while continuing to provide value for money in the face of increased VAT and rises in the price of fuel.

We regularly monitor prices and work with our suppliers to get the best possible deals for you on all medicines and bandage materials.

We are confident that our prices are very competitive. However, if you find any product cheaper - either locally or on the internet - we will endeavour to match the price.
